

Happy Holidays from Joe Bione and the WHITEHALL GROUP

30 years ago, I left Johnson Controls, moved my family to Troy, MI and formally started the Whitehall Group. Since then, we have been servicing middle market privately held manufacturing companies. Our business has maintained success and growth because of all of you, the bankers, lawyers, accountants, private equity firms, business owners, OEM's, suppliers, friends and associates. Without your support, trust and confidence in our capabilities we could not have had the success that we have enjoyed for so many years. To each and everyone one of you, I want to express my sincere "Thank You." and wish you a "Happy Holiday Season and a 2019 New Year that is filled with Peace and Happiness"

We are known as a firm that can assist a company both operationally and financially and when needed we can step in and run a business that is not performing. Most recently, we have added focus towards business transition planning, addressing issues of adapting to a global economy, adding capabilities, and business continuation. We have been recognized as industry leaders, winning ML 100 Awards in both 2012 for "Turnaround of the Year" and again in 2016 for "Visionary Leadership in Manufacturing."

Thank you all for your continued support and we look forward to assisting you in 2019
